

# Happy New Year- 2012

---

Dear Readers

Life is the unknown and unknowable, except that we are put into the world to stay alive as long as we possibly can. Then the gates of heart would fling open, and joy flew for over the sea. And open the eyes and pray in silence of soul to greet the newly born morn of the year 2012 with a new hope, engulfs with new dreams.

The world is in the clothes of terrorism, political disputes, economic set back, corruption, inflation. It feels like we are in the middle of a hurricane and it's sucking up the lives of innocent people. We, all the people around the world setting aside all our differences come together to celebrate the new year with new hope and love for the world and its

people with the faith that the love that resides in our heart  
that will change even the little drop of hatred.

Let your instinct  
Build a trial of wisdom,  
Let your fears be  
Diminished by hope,  
Let your love  
Abolish all the hate that presides within mankind,  
Let's all make this world a better place to live  
in.....

Instead of being a time of unusual behavior, New Year is perhaps the only time in the year when people can obey their natural impulses and express their true sentiments without feeling self-conscious and, perhaps, foolish. New Year, in short, is about the only chance a man has to be himself.

Disha wishes all sponsors, donors, friends and members a very Happy New Year-2012, full of hope, joy, peace and of course good health.

Thank you  
Namaste  
With warm greetings  
Nomita Roy
